EXPORT MANAGER

## Introduction:

We take opportunity to introduce ourselves as one of the leading manufacturers and exporters from Sialkot. We are in the production field since 1975 but in the start we were selling our products in the local market only. We registered our firm HSC for supplying our products to foreign markets.

## Mission / Aim:

Our mission is to continue to feed the world and its customers by providing highest quality products. Our aim is to get a lead in the international market of high quality products by satisfying the needs of the customers and to innovate and deliver the best possible product to our customers and to safeguard and promote the interest of all the stockholders.

## Policy:

Our policy is first come first serve. We always do work for the total satisfaction of the customer with the supply of our full guaranteed quality products at most competitive prices and in time delivery services. We wish to mention that satisfaction of our valued buyers over our products is our asset in fact.

## Production / Vast Experience & Skills:

We make quality products which are prepared after so many processes with lots of care. We use modernized and sophisticated machines to make all these products. Our production department has skilled craftsmen using their techniques with modernized machines. Our quality control department is conscious about the customer's requirement and always ahead to do best relate to all aspects of quality concern.
